

**EMPLOYMENT DATA FOR THE UNDERGRADUATE CLASS OF 2016
UPDATED December 2016**

Methodology: Student response to survey sent out by GCU Career Services office. Unemployed includes those who are not seeking employment as well as those who are seeking employment.

6 Months After Graduation

2016

With 59% of the class reporting at graduation:

- 19.4% are enrolled in graduate school (85% fulltime, 15% part time);
- 76% report that they are employed (34% FT, 41% PT and 25% Unknown);
- 24% are unemployed.

The numbers do not add up to 100% because those in grad school also report their employment status and can be counted twice. If we break it down to count Graduate students only once the breakdown is as follows:

- 62.8% Employed
- 17.8% Unemployed
- 19.4% Enrolled in graduate school

Graduate schools represented in the list include:

Ashford
University of Miami
GCU
NYU
Fordham
Penn State
Rutgers
Monmouth
Kean
Montclair
LaSalle
