# Q8. State Goal 1 for your administrative unit. We will work in conjunction with the Office of Admissions to visit schools, community centers and other entities within the historically identified EOF districts to recruit students who will thrive in GCU's environment. The goal is to recruit & retain 20 students who will participate in our Summer Program and will be enrolled as full-time students for Fall 2018. Q9. State the Outcomes for Goal 1.

# 1.1 Our recruiter was trained to use the university's software system, which allowed us to access the students' information in a more timely manner. As a result, we had four additional weeks to recruit students. 1.2 We successfully recruited 20 students to participate in our Summer Program; all of them completed the six week initiative; 19 were enrolled in Fall 2018. One transferred to another institution, citing homesickness and the "culture shock" as her reasons for leaving. 1.3 1.4 1.5

# Q10. State Goal 2 for your administrative unit.

For Pre-Freshmen: to provide those who tested into remedial Math & English with the in-classroom and supplemental instruction needed to advance into a higher remediation course or into college-level Math/English at the end of the six week program. For Continuing Students: to provide them with the support/resources needed to complete their English and Math General Education requirements within the first four semester. 90% of the students should complete the courses in this timeframe.

## Q11. State the Outcomes for Goal 2.

**✓** 2.1

1.6

The 20 Summer Program participants were either enrolled in a remediation Math or English course--or our college-level introductory English class. Of the 10 that were in Math, 80% (8) passed and were placed into college-level Math. 100% of those who took the English courses passed and were placed into the next level course.

**/** 

2.2 The	returning students who had not passed their English or Math courses by the third semester were contacted via email and
by p	phone. These students were advised to either a) meet with their academic advisors to ensure that their fourth semester
	edule included the Math/English course or b) advised to take the course during the Summer session, with EOF's financial port. 87% of them were responsive and completed the requirement by Summer 2018.

13.	State Goal 3 for your administrative unit.
	o develop a Workshop Series, in partnership with the GCU Faculty & major departments, for those who have 70+ credits. These sessions will foc the GRE/GMAT/MCAT preparation, the application and funding process, various career paths (within the discipline) and the expectations of
gra	duate students; 2) to work with the Office of Career Services to create sessions that will address resume development and interview etiquette with
	same group of students. The goal is to have at least 75% of our graduates enrolled in graduate school or with a full-time position in their desired ds by GCU's 2018 Commencement Ceremony.
4.0	Otata the Outannes for Ocal 9
10.	State the Outcomes for Goal 3.
<b>/</b>	3.1 We experienced several staffing changes and, consequently, unable to reach this goal. However, we know that 50% (10) of
	our program graduates are enrolled in graduate school or are employed full-time in their desired field.
