It is important to realize that there are financial, and potentially academic, consequences to withdrawing after the drop/add period which will vary based upon the official date of withdrawal. These consequences will be discussed during your exit interview with the Dean of Student Success. **We STRONGLY encourage you to read the withdrawal policy in its entirety prior to signing this document.** It is imperative the entire withdrawal process is completed prior to the student's departure. Failure to complete the process could result in failing grades and responsibility for full tuition and fees for the semester.

- A student who officially withdraws from GCU during the drop/add period of a given semester receives no academic or financial penalties. In this case, the student's class schedule is completely dropped from the academic record, proof of registration will not appear on the student's official transcript, and the student is eligible for full refund of any payment made for the semester.
- A student who officially withdraws from GCU during any given semester will receive grades of "W" or "WE" on her/his records. If a student was graded for a course prior to the withdraw request, that grade will remain on the academic record.
- A student may not officially withdraw from GCU for the current semester after the final day of classes. The official withdraw request will be effective the day after the immediate semester.
- A student who has withdrawn from GCU must reapply through Admissions should s/he wish to return to the university.
