Survey Says... Student and Faculty Surveys for AY 2023-2024

In Fall 2023, Georgian Court began to implement the Higher Education Data Sharing (HEDS) Consortium student surveys, beginning with the new student and returning student surveys (Transfer). Results were shared with the Provost Council and other appropriate offices. Additional information is available in the Office of Institutional Assessment and Accreditation (OIAA).

During the spring semester, students will be asked to complete either the HEDS student satisfaction survey (undergraduates) or the GCU graduate student survey. Distribution dates are February 7-21, 2024. At the end of January, faculty and selected staff, and adult students (age 25+) were asked to complete surveys related to the NJ Credit for Prior Learning Grant.

GCU Teaching Strengths

Every semester, GCU faculty are asked to reflect on their teaching. This year, the survey was distributed through HelioCampus so that faculty could keep a record of their responses on their HelioCampus assessment dashboard. They choose one course most likely to teach again and consider what changes may be needed to improve their teaching and student learning. An executive report can be seen on the GCU Learning Assessment page. [Annual Assessment Reports - Georgian Court University, New Jersey](#)

Student Feedback on Courses

Survey	Spring '22	Fall 2022	Spring '23	Fall '23
GCU SET	N= 1867	N=1956	N= 1997	N= 1655
Overall mean score	4.40/5	4.32/5	4.37/5	4.31/5

GCU students give course feedback using HelioCampus Assessment and Credentialing System (formerly AEFIS) and the GCU Student Evaluation of Teaching (SET) survey. Results are given above. More detailed reports are available by contacting the OIAA.

Assessment Software

AEFIS is now known as [HelioCampus Assessment and Credentialing](#) under a new parent company. Basic software functions remain the same, and faculty, staff, and students still access the software through GCU's SSO: [Georgian Court University - Sign In](#)
