AEFIS Assessment Software

GCU began using the AEFIS software system in fall 2019. Increased usage of the system for course feedback and program assessment continues. For additional support in using the features of AEFIS, faculty are encouraged to go to [AEFIS Academy](#) for user guides and support or to contact the [OIAA](#). Access to AEFIS is through the [GCU's Login](#) site.

To assess the institutional student learning goals: USLG and GSLG, the following data was obtained from AEFIS. For AY 2021-2022 the listed goals were selected for analysis.

ISLG	# student assessment artifacts obtained from BB/AEFIS	% met or exceeded expectations
GSLG 1	1231	95%
GSLG 2	1196	94%
USLG 4/4a	1518	81%
USLG 5	1789	83%
