

Summary Data for Graduate School Attendance and Employment for the Undergraduate Classes of 2017-2018, 2018-2019, 2019-2020 and 2020-2021 (compiled October 2022 from Office of Career Services).

		2017-2018	2018-2019	2019-2020	2020-2021
Graduate School Attendance	Percentage attending U.S. graduate schools within one year of graduating (from National Student Clearinghouse)	20%	16%	16%	22%
Employment	Percentage reporting that they are in degree-relevant employment within one year of graduating (from responses to voluntary survey)	73%	63%	85%	77%

Note: Some students may be attending graduate schools outside the U.S. Students may have responded “no” to the employment questions for various reasons, including that they have voluntarily chosen not to seek employment at all or chose to seek employment in a field not related to their degree.

List of U.S. Graduate Schools Attended by Undergraduates Graduating from GCU during the 2020-2021 Academic Year (data from National Student Clearinghouse, collected September 2022 from Institutional Research).
